LANGUAGE COMPETENCE:

```
// A list of programming
languages I am proficient in.

List<String> langList
    = new ArrayList<String>();

langList.add("JAVA");

langList.add("C#");

langList.add("SQL");

langList.add("PYTHON");

langList.add("HTML/CSS");

langList.add("C");

langList.add("JAVASCRIPT");
```

EDUCATION SUMMARY:

The University of Auckland

Graduated Software Engineering with Honours (First Class) in 2016

GPA: 7.34

Awarded: The University of Auckland Engineering Merit Scholarship

Sancta Maria College

Graduation Year: 2012

Awarded: Academic Honours Gold Award

Senior Prefect

ADDITIONAL EXPERIENCE:

2014 — Youth Leader: Elim Christian Centre

2013 — First Aid Certificate

2012 — Senior Leader at Christian camps

2012 — Defensive Driving Course

2012 — Maya Animation Certificate from Natcoll

WORKING EXPERIENCE:

Software Developer: Datacom

2015/2016
3 Months

I worked in a small team developing a "Smart Timetable" application. We used Microsoft technologies (.NET and Azure) to process and upload University events onto their respective students' Office 365 calendars. I focused on areas involving authentication, API endpoints, input validation and making calls to MSGraph API.

Help Desk Technician: Saint Kentigern College

2014/2015
4 Months

I provided customer service for teachers, students and parents. This involved setting up network connections on notebooks, installing school software, troubleshooting laptop and printer issues, assisting anyone with any technical queries and teaching a class of students how to use their school laptops.

Website Administrator: Sancta Maria College

2013/2014
2 Years

I kept the college website current and relevant. This involved interacting with teachers to gather information updates, performing general website maintenance and making sure information was available on time.
